

We invite you to the international conference

Empowering Women in Active Society - EWA

Wednesday, 25 September 2024

Hiša EU (EU House), Dunajska 20, Ljubljana

About the project

The EWA project aimed to address the political participation of young women. The main focus was to change beliefs about women in the politics and civic participation that are based on gender stereotypes, traditional norms and expectations. Project activities were designed to empower women, both individually and systemically, by creating better opportunities for women's active participation in the political and civic sphere.
